TresTres

Skills

Engineering Technologies:

(ranked by familiarity)

≤ 1 —————> 5

ANSYS · Granta CES

OriginPro · Autodesk · R

MS Office Suite · Matlab

Other Skills:

(ranked by familiarity)

≤ 1 —————> 5

WebPlotDigitizer

VMD · ImageJ

Java · Python · C

Organizations

- **Tau Beta Pi** - National engineering honors society
- **Material Advantage** - Premier materials engineering membership
- **USACS** - Community of Rutgers students involved in tech
- **RUFMA** - Filipino martial arts club

Education

Expected:

Jan 2019

BS., Materials Science and Engineering

New Brunswick, NJ

Cum. GPA: 3.740/4.000

Rutgers University SoE

Expected:

Jan 2019

Double Major in Computer Science

New Brunswick, NJ

Dual-discipline study with research experience in computations.

Exposure to several characterization methods including XRD, XRF, TGA, SEM. 4 years+ of computer programming education and experience.

Rutgers University SAS

Experience

Feb 2017 -

Present

iLab Assistant

Piscataway, NJ

Rutgers LCSR

- Offering on-site walk-in tutoring for essential curricular topics in Computer Science and Engineering
- Instructing students how to access and use lab equipment
- Successfully closed 250+ helpdesk tickets

Jun 2017 -

Aug 2017

Global Engineering Intern | R&D

Aurangabad, Maharashtra

Sterlite Tech Ltd.

- Worked with Quality Improvement team to increase glass core C_{pk}
- Used R and MS Excel to cleanup raw data extracted from in-house manufacturing equipment
- Developed analysis tools in Matlab designed to make quality predictions of fiber core based on preform data
- Maintained project documentation and performed other administrative duties as required

Research

May 2015 -

Dec 2015

Computational Materials Research

Piscataway, NJ

Rutgers IMSL

- Wrote Bash scripts and Fortran code to run molecular dynamics simulations of pure silica dissolving in the presence of pure water
- Presented intermediate findings in a poster session hosted by the Aresty Research Center in August 2015

Volunteering

Oct 2016 -

Present

HackRU | RND Project Lead, Hacking Mentor

New Brunswick, NJ

HackRU

Jan 2017,

Jan 2018

HackFree | Technical Mentor, Judge

Englishtown, NJ

HackFree
